

Link

It's more than a piece of hardware, it's peace of mind

Link is a device that *safely secures* user's feet to their wheelchair footplate but *releases them if they fall*.

Product Features

Our Proposal

	Year 1	Year 5
Market Penetration	5%	10%
Units Sold	9,200	18,400
Annual Profit	\$95,000	\$730,000
